Bob Page

AAS, NREMT-P, CCEMT-P, NCEE

Multi-Lead Medics[™] is the trademarked 12 Lead ECG interpretation workshop developed by Bob Page, AAS, NREMT-P, CCEMT-P, NCEE. Bob's mission is to develop and present high

quality, innovative, informative and entertaining educational programs for personnel involved in the Emergency and Critical Care of patients.

Bob Page is an internationally known speaker, instructor, author and paramedic. He has presented seminars across the United States, Canada, Mexico and in Europe. He is recognized for his energetic, humorous and motivational style. Bob takes ordinarily dry and hard to teach topics and transforms them into a fun, learning experience. Bob's presentations are accompanied by exciting AV support from PowerPoint and Keynote programs with graphics, animation, audio and video clips. Many educators have dubbed him "The Master of Presentations" across the nation. His peers in Missouri recently recognized Bob as the "Most Creative Educator 2009."

Bob has been an instructor for over 3 decades teaching a variety of adult education courses from customer service to advanced medical care. He is a nationally registered paramedic and a critical care paramedic. He has been involved in EMS since 1978 when he became a CPR instructor. Bob is the Director of Emergency Care Education at St. John's Hospital in Springfield, Missouri. He is the lead instructor for the paramedic program and has taught at all levels of EMS and nursing. He has earned a faculty appointment at the University of Maryland, Baltimore County and is a guest instructor at Southwest Baptist University's College of Nursing.

Lesson Focus

12 Lead ECG - If anyone told you that you could take a 12 lead class and have fun, would you believe them?

Presented by Bob Page, Author of the book **12 Lead ECG for Acute and Critical Care Providers**, this 8-hour, highly motivating, nonstop interactive course on 12-Lead ECG, presented internationally, includes: proper lead placement, axis and hemi block determination, bundle branch blocks, differentiating wide complex tachycardia and myocardial infarction recognition. Also included is the use of a 15-lead ECG. This course is the perfect filler to pick up where ACLS and Experienced Provider courses left off!
